Sir,

We Dufins Solutions have taken 55inch display from conference room today(04-05-2023) .After diagnosing the Panel, we found Mother board and power board have been crashed.

If we refurnish it, it will cost around 1,35,000 where mother board price will be 93000 and power board price will be 42000.

Spare parts are available in Chennai, as we connected with OEM(DELTA Electronics).We can give the panel after 10-12 days as spare parts will be released on Monday from Chennai.

Thank you
